REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Applicant's cited prior art, particularly the translation of the "Notice of Reasons for Rejection" by the JPO, has been carefully considered. The examiner disagrees with the JPO assessment (to the extent that it is applicable to the current claims) that the teachings of JP 2002-114021 can fairly be combined with the teachings of JP '611 and/or JP '713 to arrive at the currently claimed subject matter of the independent claim (claim 2) being issued here. Neither of the sub-plate doors in JP '611 (which controls air flow through a defrosting vent system) or JP '713 (which controls air flow through a outdoor/recirc vent system upstream of the blower) fairly teaches the specific flows being controlled in the independent claim (claim 2) being issued here.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John K. Ford whose telephone number is 571-272-4911. The examiner can normally be reached on Mon.-Fri. 9-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Cheryl Tyler can be reached on 571-272-4834. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
